Cape Peninsula University of Technology

Cape Town, South Africa

BSc (HONS) DIAGNOSTIC RADIOGRAPHY

Jan. 2015 - Dec. 2018

- Thesis: CT vs MRI in diagnosing glioblastomas of the brain

Additional Activities

I have been babysitting for 10 years. From this I have learnt how to handle responsibilities and expectations placed upon me

I have been playing team sports for a number of years and it has taught me social skills and how to be a team player, attributes I hope to utilise in my work environment.
